Down Syndrome CentreCHY 15750 In October 2014, we opened the doors to Ireland's first (and only) services-led centre for children with Down syndrome and their families. Our centre currently caters for children with Down syndrome aged 18 and under. We provide intervention services including Speech an... Continue reading

HOW IT WORKS

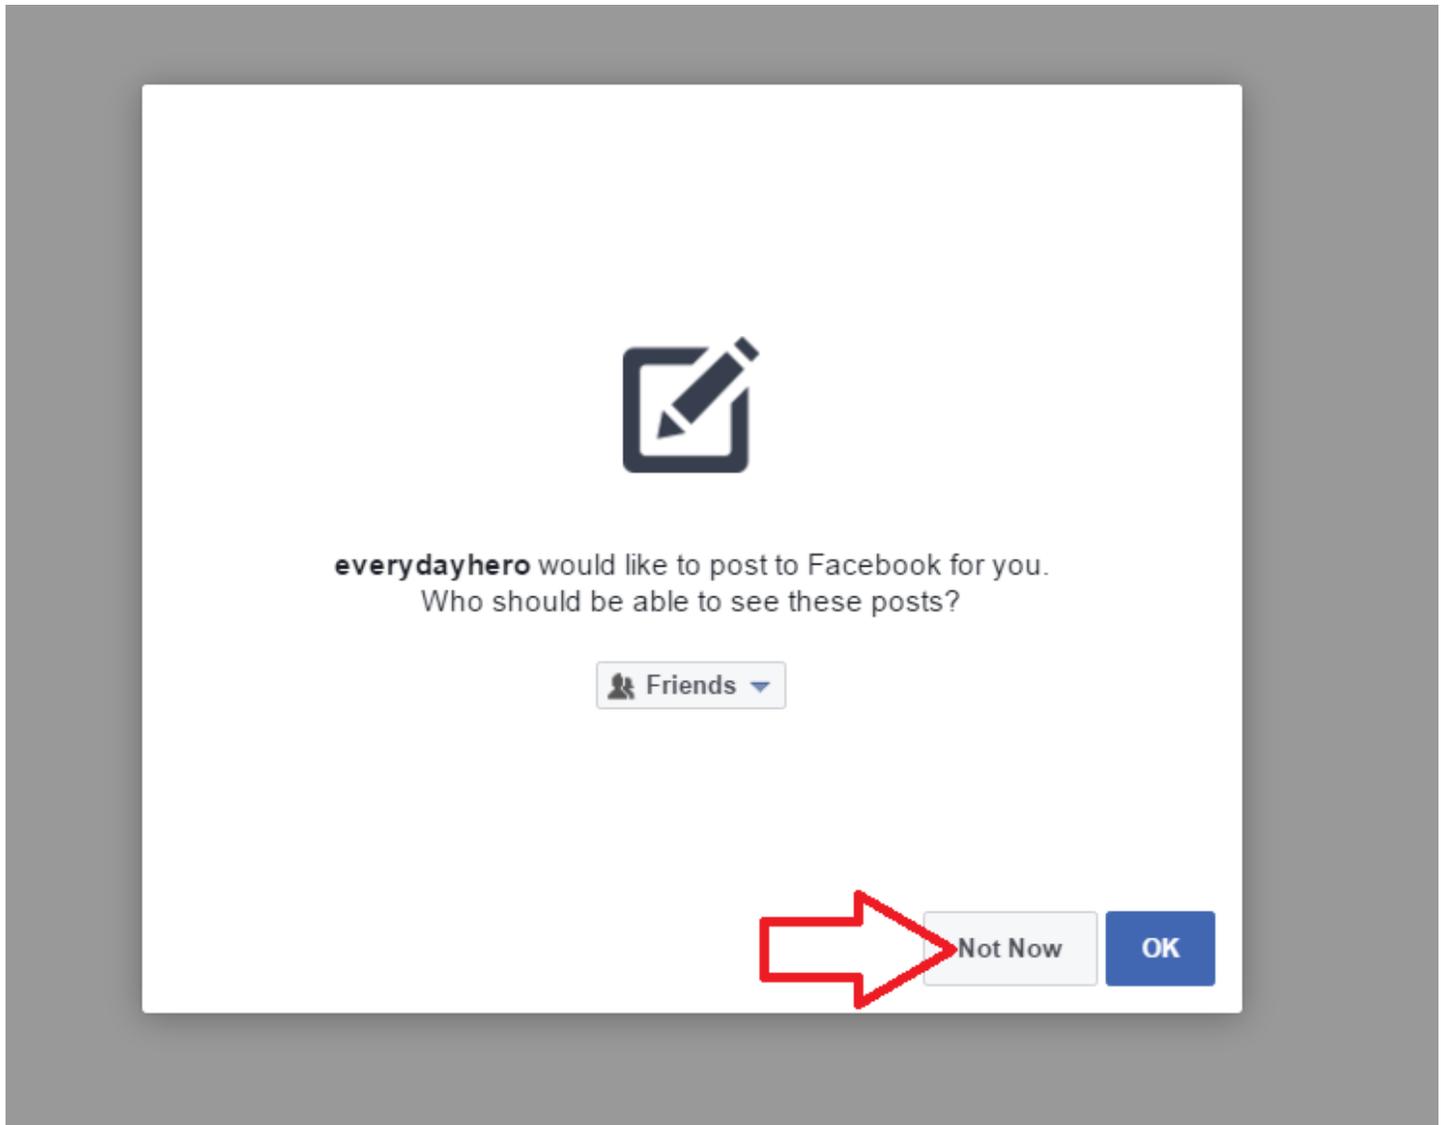

1 Create
Give us a few details to create your fundraising page.

2 Personalise
Add a photo of yourself and share your personal story to help others to connect with your cause.

3 Share
Share your fundraiser to inspire donations and support from family, friends, and colleagues.

4 Track
Everything you do counts, so we count it! Track your effort, progress, and impact.

Then choose whether you'd like to sign in with Email or Facebook. Either way this will show up:

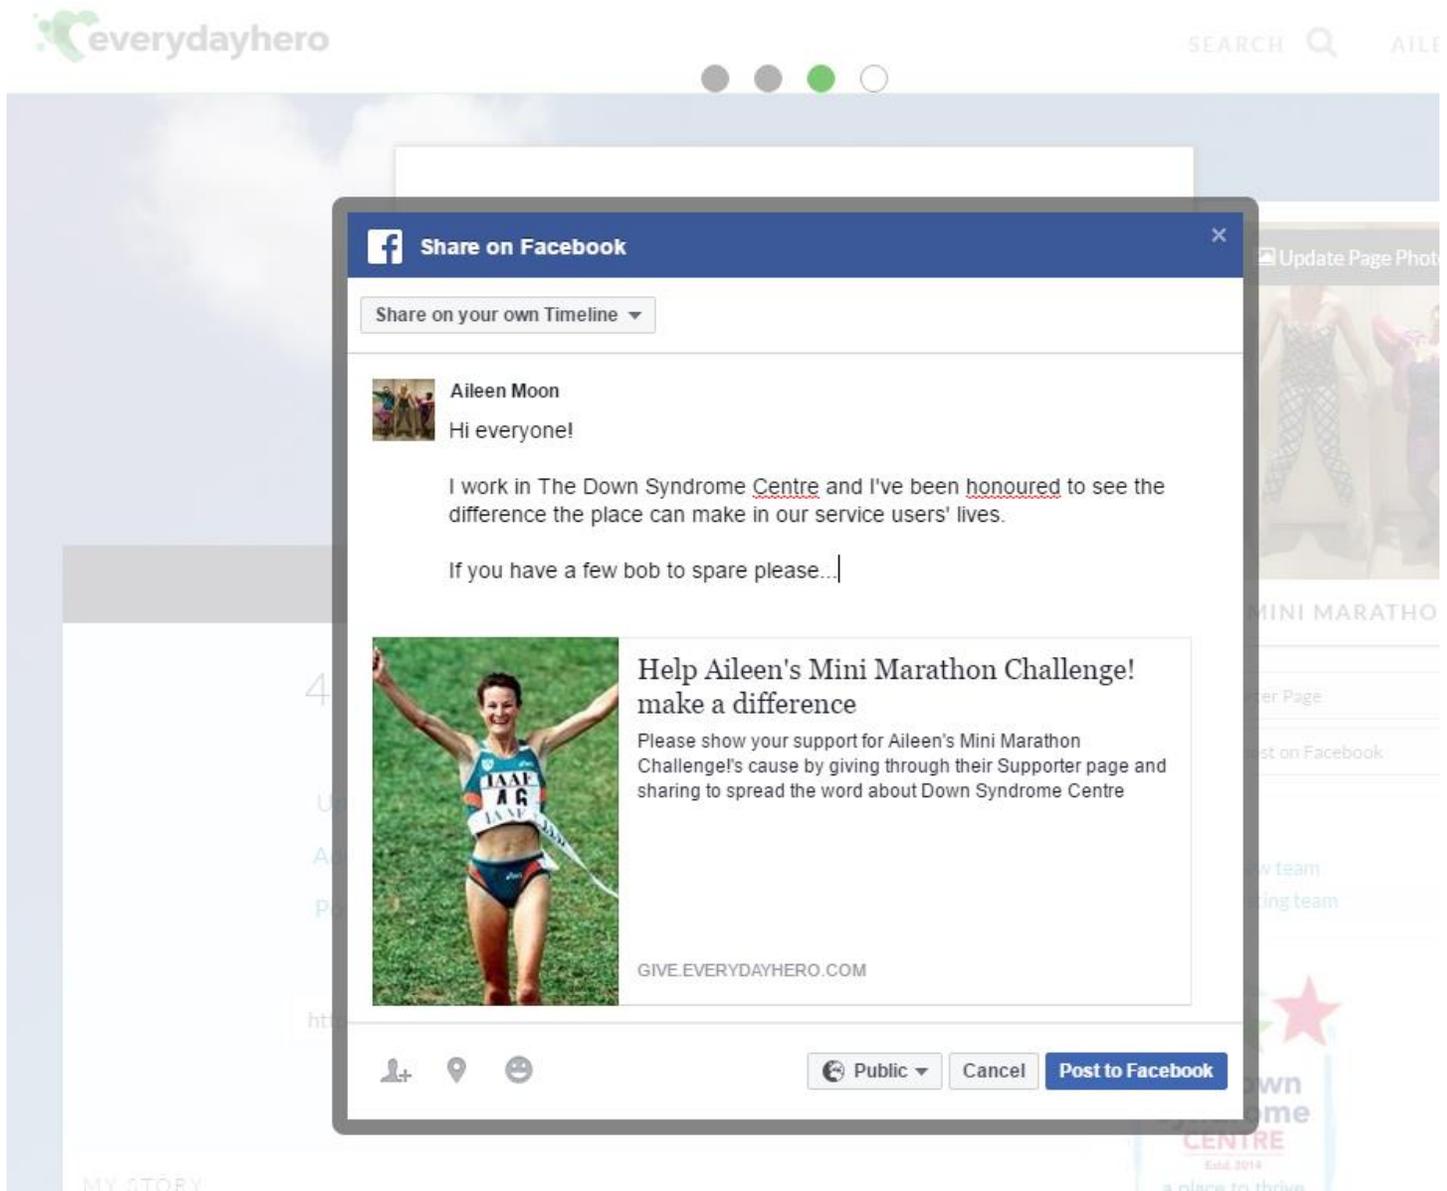

I'd recommend clicking 'Not Now'. If you click OK it means they can automatically share your Fundraising page on your Facebook profile and might also share every time any makes a donation on your page. If you click Not Now, it means you're in control of what you share on Facebook etc.

You'll then be invited to add a profile photo, put in a few words about who you are fundraising for the centre.

If you are fundraising for an individual or a family who attend services in DSC you could use the following and tailor it!

I'm taking the plunge and doing Challenge 21 for _____ who attends services in The Down Syndrome Centre where he/she has been going from strength to strength. Any donation you can make will help him/her to continue to work with the therapists there and thrive! The centre receives no government funding so they need all the help we can give them. Thanks for your generosity!

The last thing you'll be asked is whether you'd like to share your fundraising page. I'd recommend doing this – you can add in a little message to your Facebook friends and family before you do this (as you can see, we've gone with Sonia O'Sullivan as the profile photo for our sample fundraising page – might as well reach for the stars!). Here you could just copy and paste in the same message that you've already used.

At the end you'll have your EverydayHero page and I'd recommend copying and pasting your page's link so you can keep an eye on what donations have come in. Don't be shy about sharing it on Whatsapp, via email and Instagram/ Snapchat and Twitter too a few times – people often need a gentle reminder!

If you need a hand with any step of the process please don't hesitate to contact me on (01) 661 8000 or by emailing emma@downsyndromecentre.ie

Thanks so much again for supporting us!
